or call

Western Colorado  
**2-1-1**  
Dial 211 or 888-217-1215

By 2030, the number of 65 and older state residents will increase by nearly 70 percent. The Strategic Action Planning Group on Aging is putting together a plan to meet the needs of our aging population.

Your opinion and experience will provide critical information as the Planning Group develops important policy recommendations.

Sign up for updates, leave a comment  
and read our action plan:
